*A space where elegance
meets modern technology,
creating unique interiors
that inspire.*

The fusion of tradition and innovation: Our brand philosophy

We combine the traditions of Italian design with modern technologies, creating spaces that meet contemporary demands.

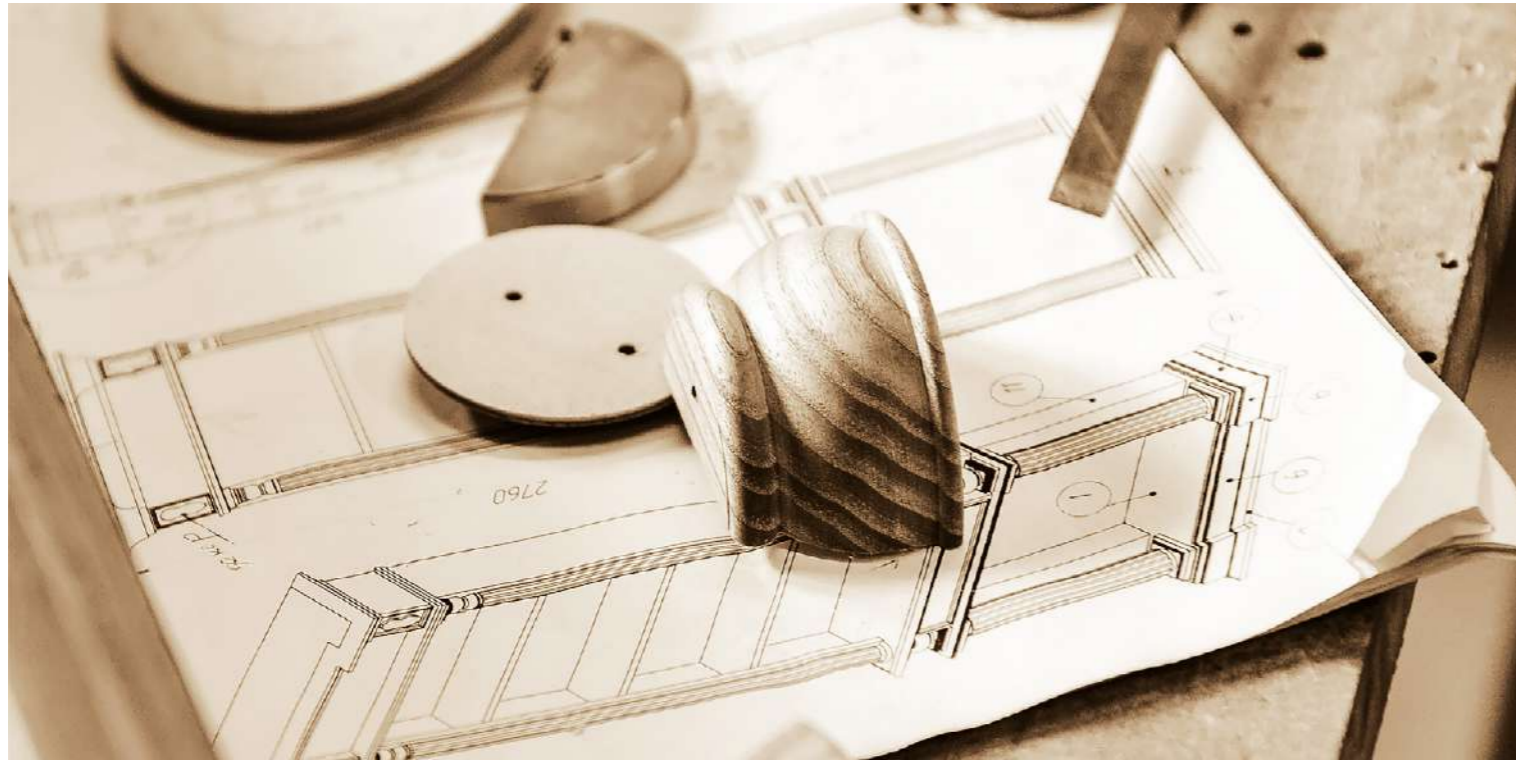

Attention to detail and the use of high-quality materials allow us to craft practical and aesthetically refined interiors.

“ Our goal is to unite aesthetics, functionality and durability. We help our clients bring their ideas to life while maintaining a balance between beauty and practicality. ”

Production, where technology becomes art

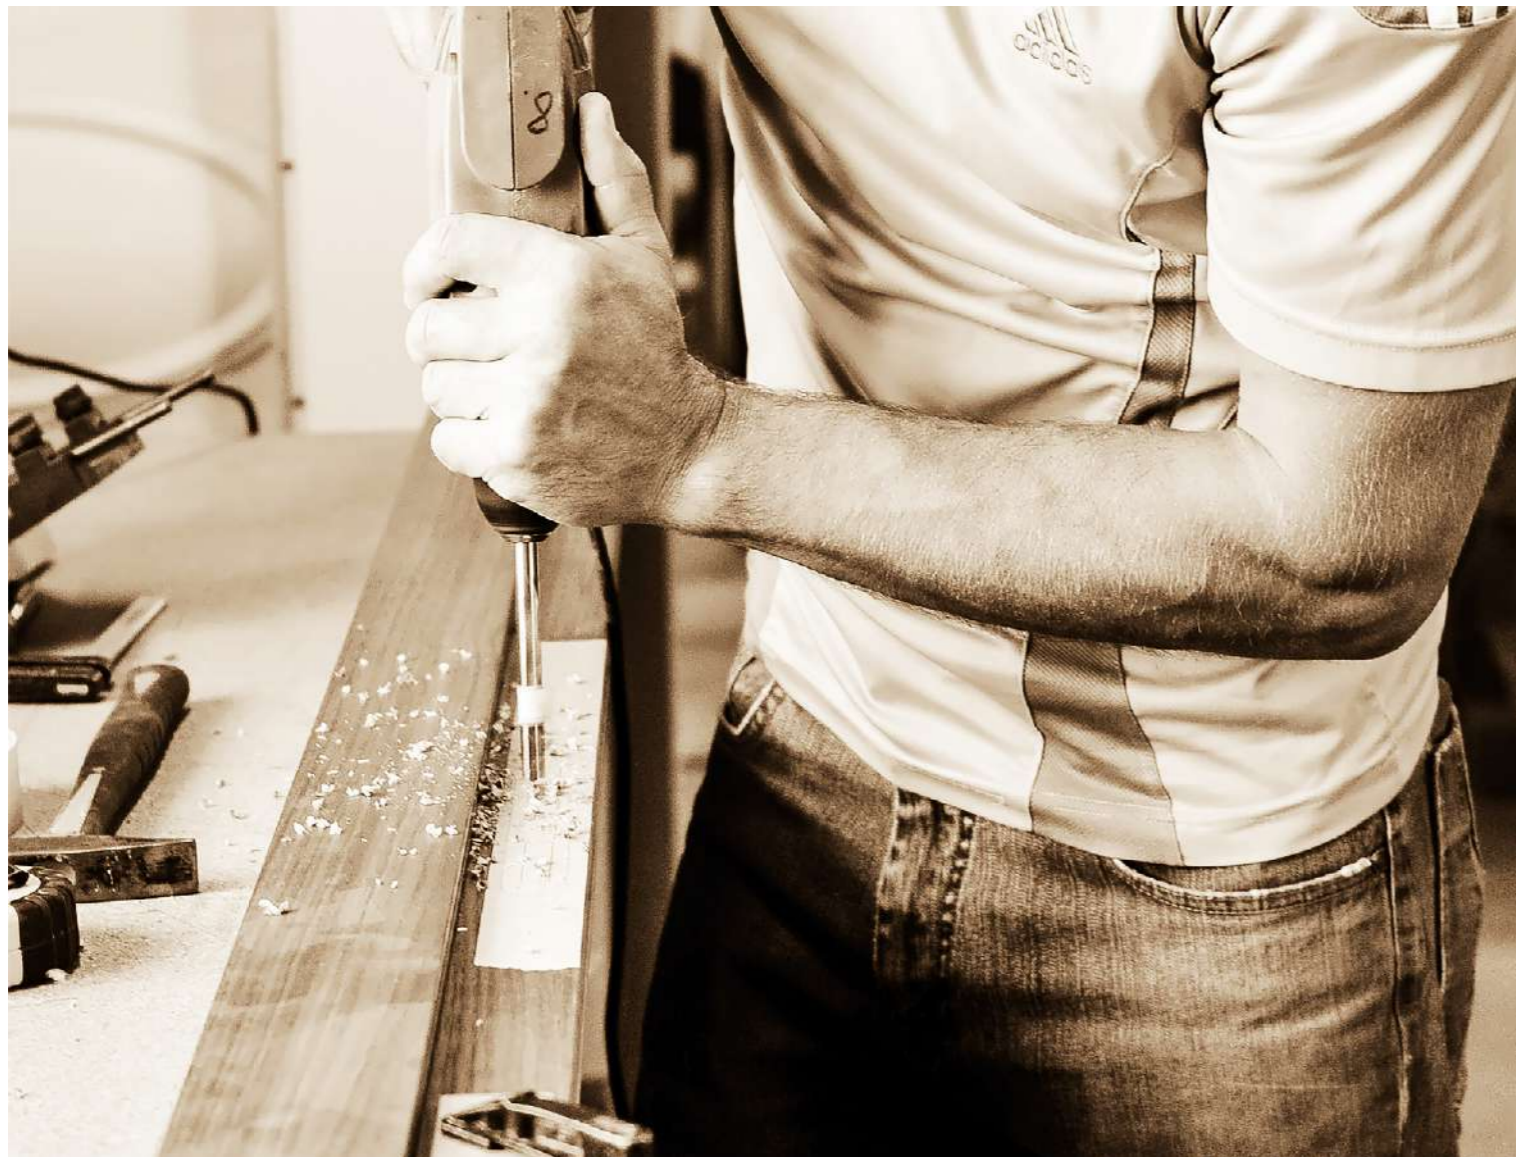

Our production process is a combination of traditional craftsmanship with cutting-edge technology. Specialists work with natural materials to create products that align with the needs of the times.

Each element is crafted with precision, ensuring reliability and an elegant appearance.

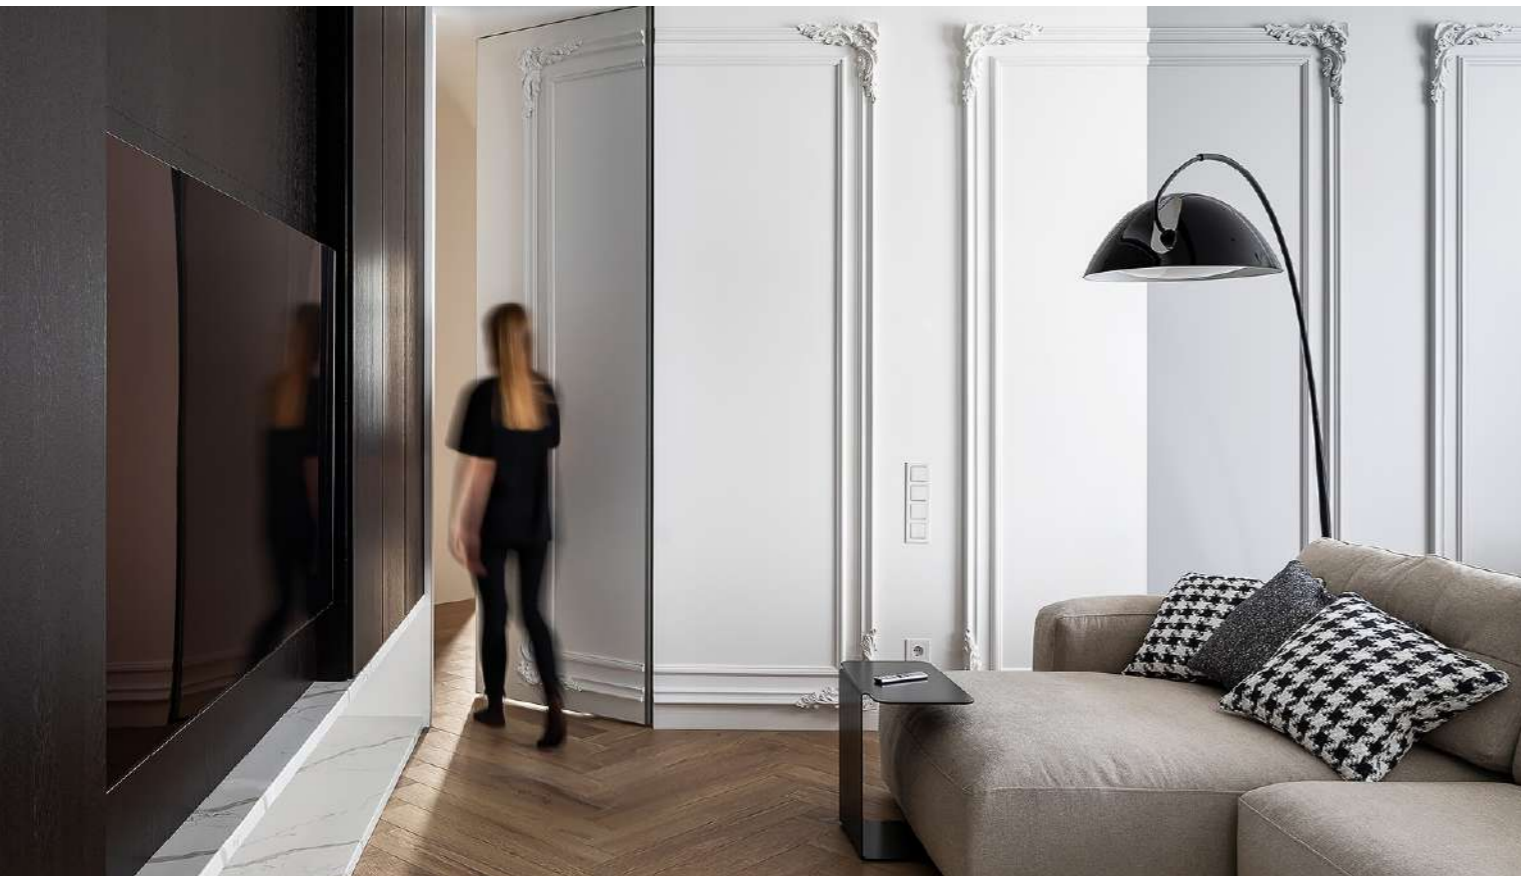

The art of technology: modernity combined with environmental friendliness

The products comply with environmental standards, which guarantees their safety and durability. Technologies help reduce our environmental impact by optimising resource use and reducing emissions.

We use advanced technologies and eco-friendly materials that comply with international quality standards.

The uniqueness of each space: personalised solutions for your interior

We believe that every space should be as unique as its owner. That's why we offer personalised solutions that take into account your needs, style and the architectural features of your space.

Each project is designed with your preferences in mind, combining bespoke design with the highest quality standards. We strive for harmony between form, materials and functionality so that every interior element aligns with your lifestyle.

Exclusive furniture for your space: style, functionality, comfort

We create unique furniture solutions for residential and commercial spaces. Every piece is designed with ergonomics, aesthetics and functionality in mind.

By using high-quality materials and innovative manufacturing technologies, we ensure durability and comfort. Our range includes kitchen sets, wardrobe systems, upholstered furniture, tables and much more.

Premium door systems – The perfect solution for any Interior

We create modern door solutions that combine stylish design, advanced technologies and impeccable quality.

The use of high-quality materials ensures reliable sound and thermal insulation, enhancing comfort and energy efficiency in any space.

Our product range includes four main types of doors, each designed to meet different needs and interior styles:

CLASSIC DOORS

an embodiment of elegance and traditional style, suitable for both classic and modern interiors.

PIVOT DOOR SYSTEM

a technologically advanced design, that ensures smooth movement and creates a striking architectural accent.

SLIDE DOORS

a practical space-saving choice, ideal for modern apartments and offices.

CONCEALED INSTALLATION DOORS

a sleek and minimalist solution, that creates the effect of a solid wall.

Thanks to innovative technologies, our door systems stand out for their durability and resistance to wear.

We carefully consider every detail to ensure that our doors not only harmoniously complement the interior but also provide security, functionality and everyday comfort.

Studio 8

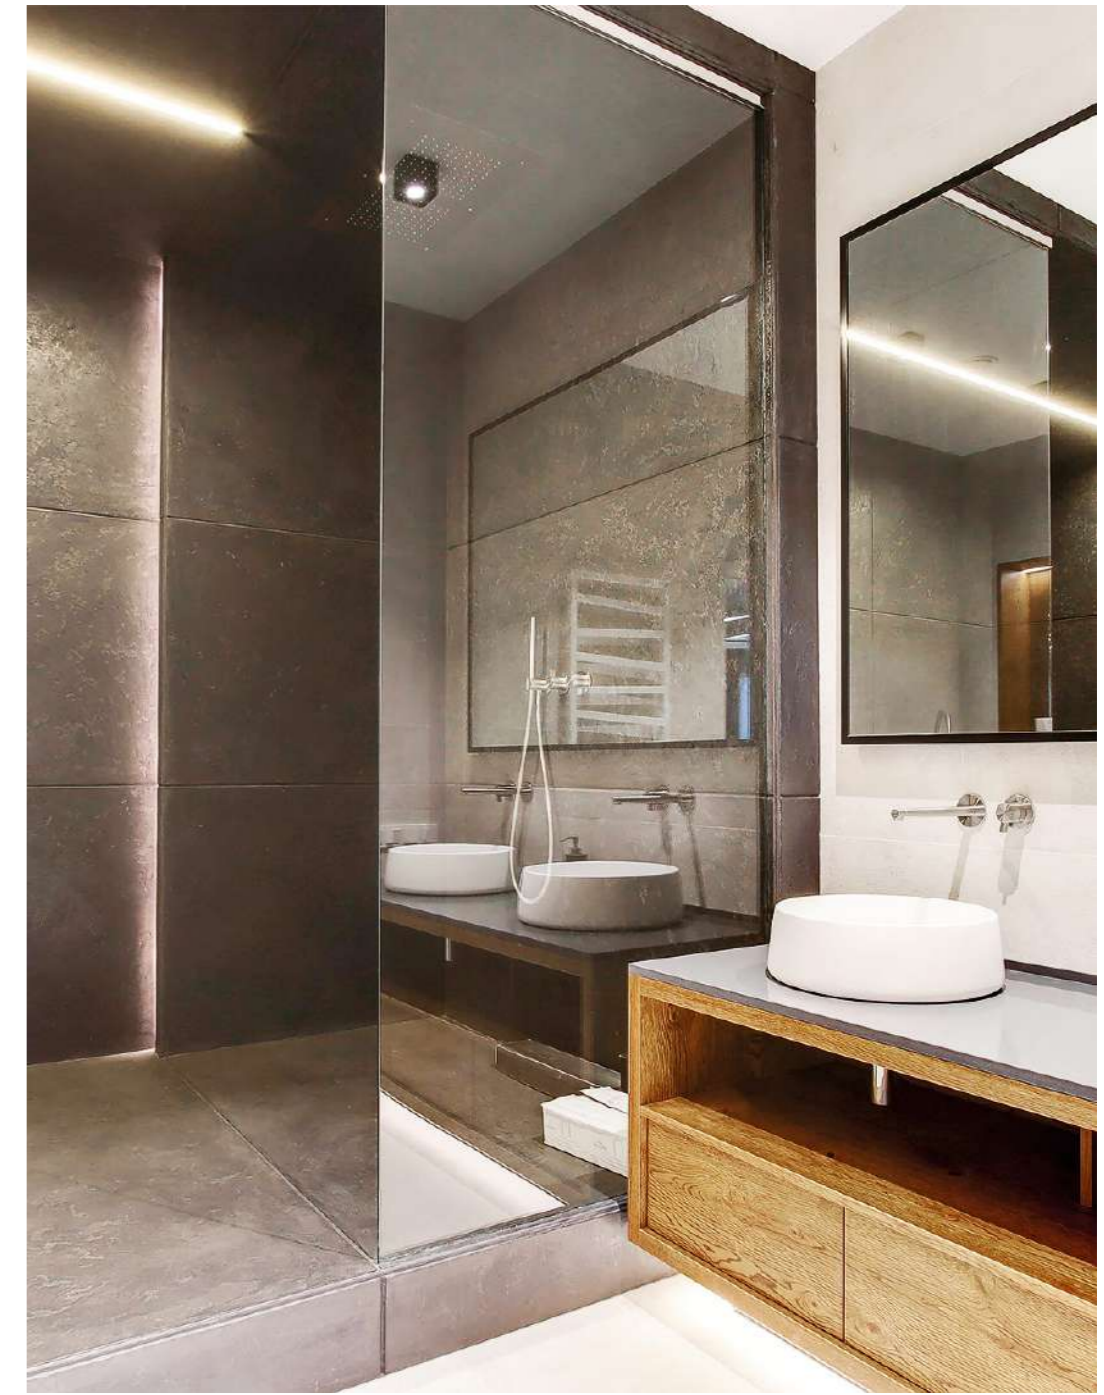

France

133 m² + 26 m² terrace | 2 bedrooms |
2 bathrooms | duplex apartment

Studio 8 embodies modern elegance, where functionality seamlessly combined with aesthetics. The spacious kitchen-living area, featuring a **bio fireplace**, forms the heart of the home, creating an atmosphere of cosiness and style. Sleek furniture, concealed storage systems and **natural materials** ensure comfort without unnecessary details.

The bedrooms are designed in a calm colour palette, while thoughtfully arranged lighting adds depth and softness to the space. Contemporary bathrooms with premium materials continue the theme of refined sophistication. **A distinctive feature is the mini home cinema** on the second level, offering a unique leisure experience. The open terrace expands the living area, seamlessly connecting the interior with the surrounding environment.

Ergohouse

Czech Republic

160 m² | 3 bedrooms | 2 bathrooms

Ergohouse represents a modern approach to living spaces, where ergonomics blend with natural aesthetics. The interior is based on a harmonious mix of natural materials: **wood and textured stone** create an atmosphere of warmth and understated elegance, **enhanced with elements of Scandinavian style - light shades and concise forms.**

The kitchen impresses with its functionality - **built-in appliances, hidden storage systems and handleless facades with push-to-open mechanisms** ensure ease of use. A consistent stylistic concept is reflected in wardrobes and closets, supporting the overall minimalist aesthetic.

Special attention is given to intelligent solutions: **well-thought-out lighting, optimised storage systems and smart space usage** make Ergohouse the perfect home for those, who value comfort, functionality and style.

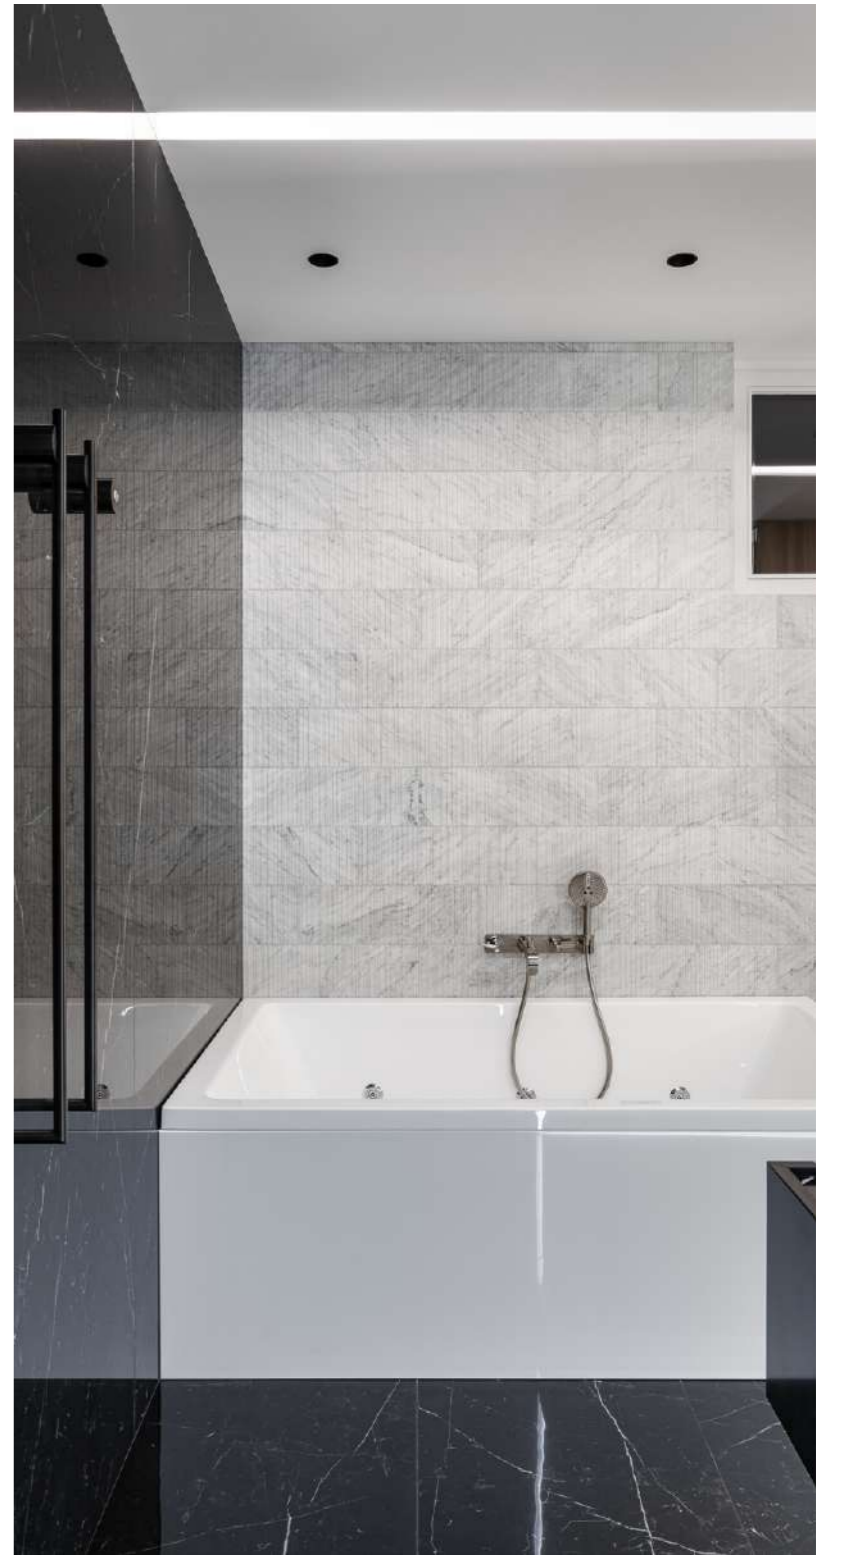

La Chapelle

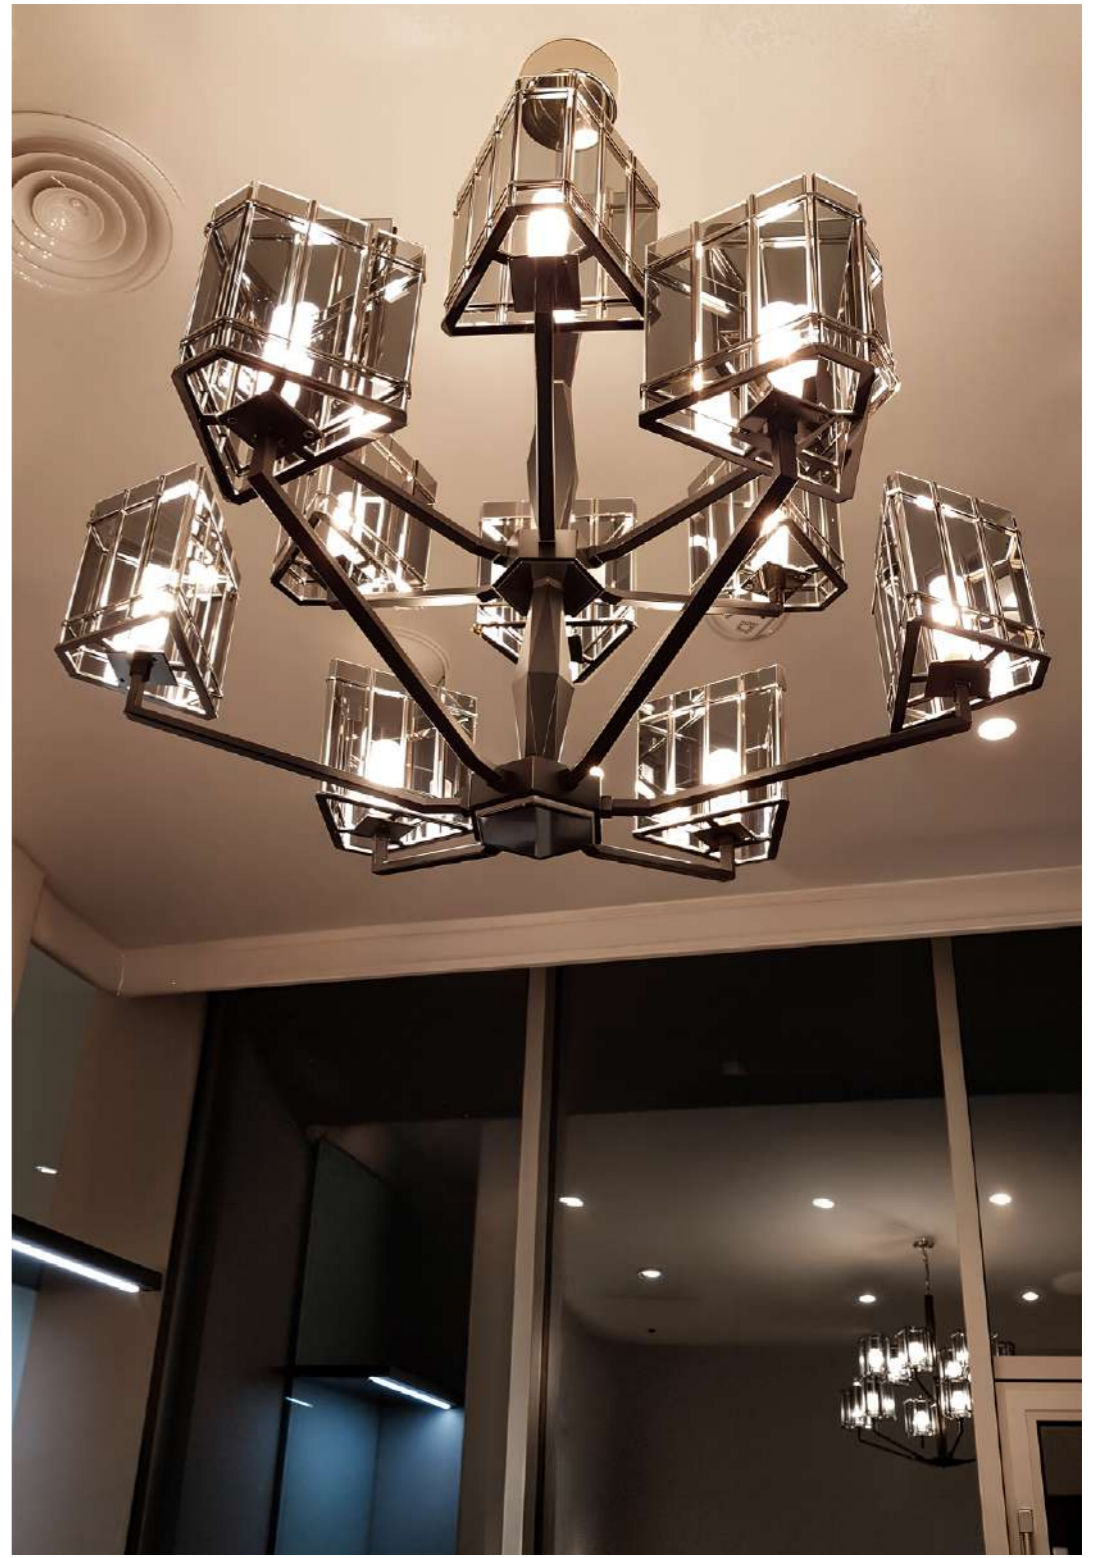

France
340 m²

This office embodies a sophisticated **symphony of modern classicism and Art Deco**. A refined space filled with geometric lines, noble materials and exquisite details creates an atmosphere of prestige and status.

Contrasting colors - **deep black, soft cream and luxurious gold** - define the aesthetics of opulence. Lighting plays a central role: decorative chandeliers with brass and glass inserts create a complex interplay of reflections, enhanced by glossy surfaces. Mirrored panels visually expand the space, while textured wall panels add character to the interior.

El Madronal

Spain

320 m² | 4 bedrooms | 3 bathrooms

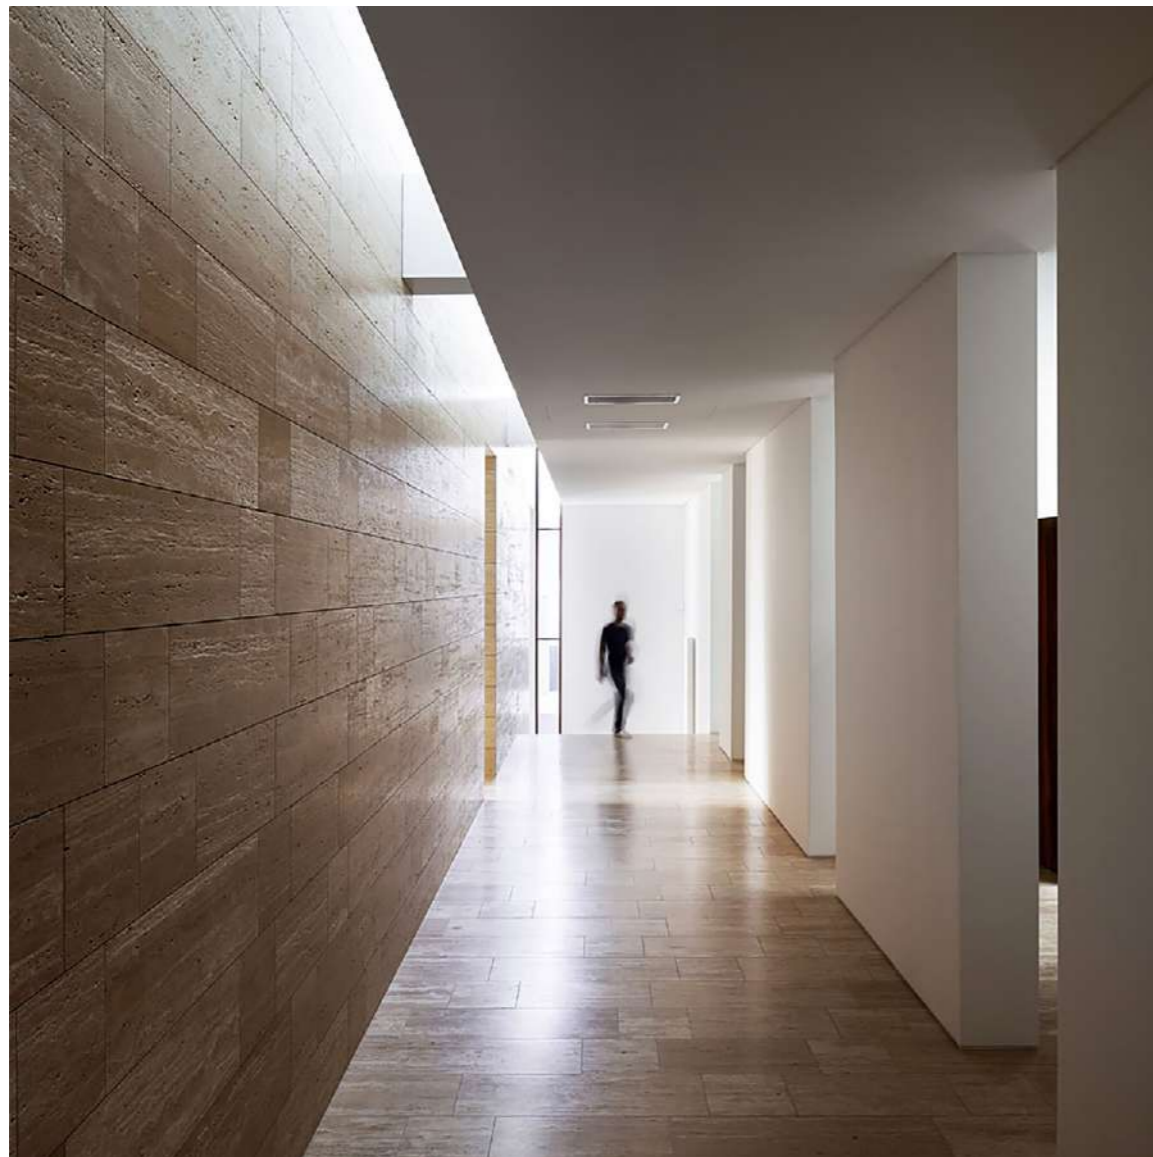

Torre Villana is a refined residence in a contemporary Mediterranean style, where **panoramic windows** fill the space with natural light, creating a sense of openness and freedom.

The kitchen is designed in a **high-tech style**, featuring ultra-modern appliances, minimalist handle-less facades and concealed storage systems that ensure convenience and organisation.

At the heart of the living room is a **stylish modern fireplace**, adding warmth and highlighting the elegance of the space. A **spacious terrace** unites the interior and exterior zones, while a **combination of wood, stone and glass** creates a harmonious and stylish design. Elegant furniture, high-quality fittings and premium natural materials complete the concept of modern comfort.

Klanghofen

Austria

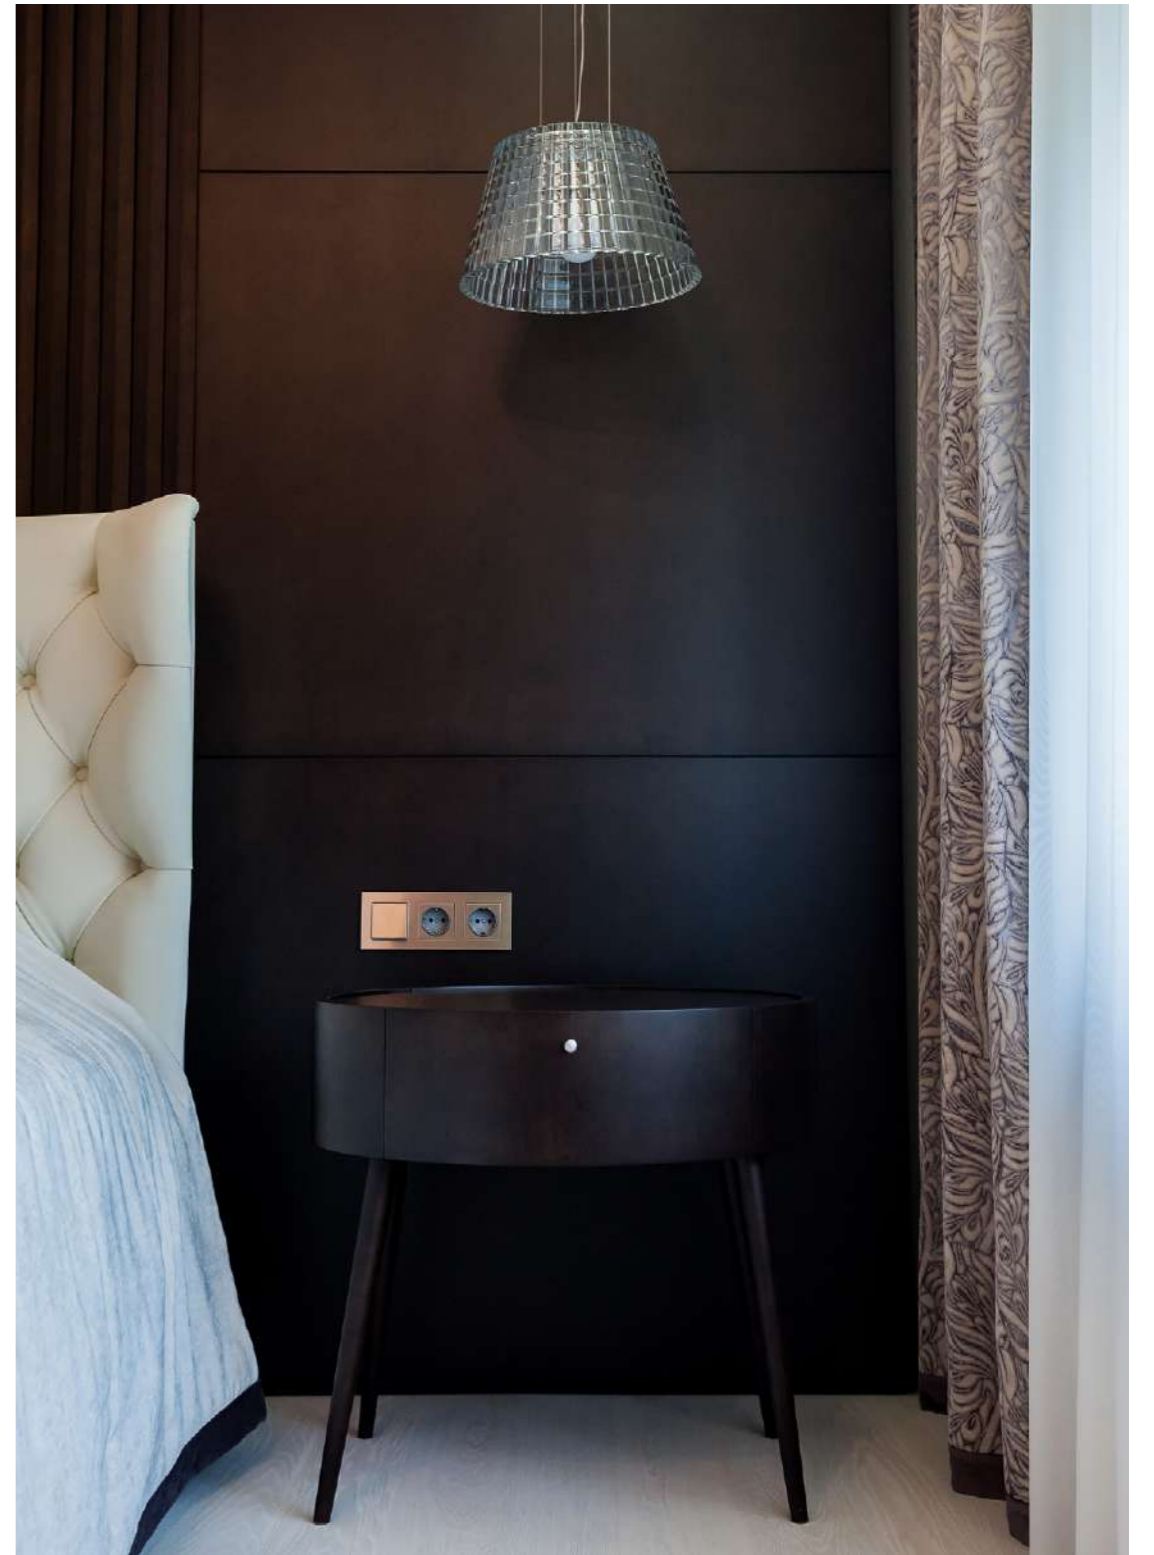

176 m² | 2 bedrooms | 2 bathrooms

Klanghofen is a stylish **duplex**, that blends contemporary design, natural materials and functional solutions. **Wooden interior details** create a cozy atmosphere, while **natural stone finishes** emphasize the space's elegance.

The ergonomic layout includes a **spacious workspace**, providing comfortable conditions for productivity. Minimalist furniture and built-in storage systems support the overall concept of simplicity and refinement.

Klanghofen is a harmony of elegance, natural textures and modern design, making it an ideal choice for stylish and spacious living.

Cottesmore Gardens

United Kingdom

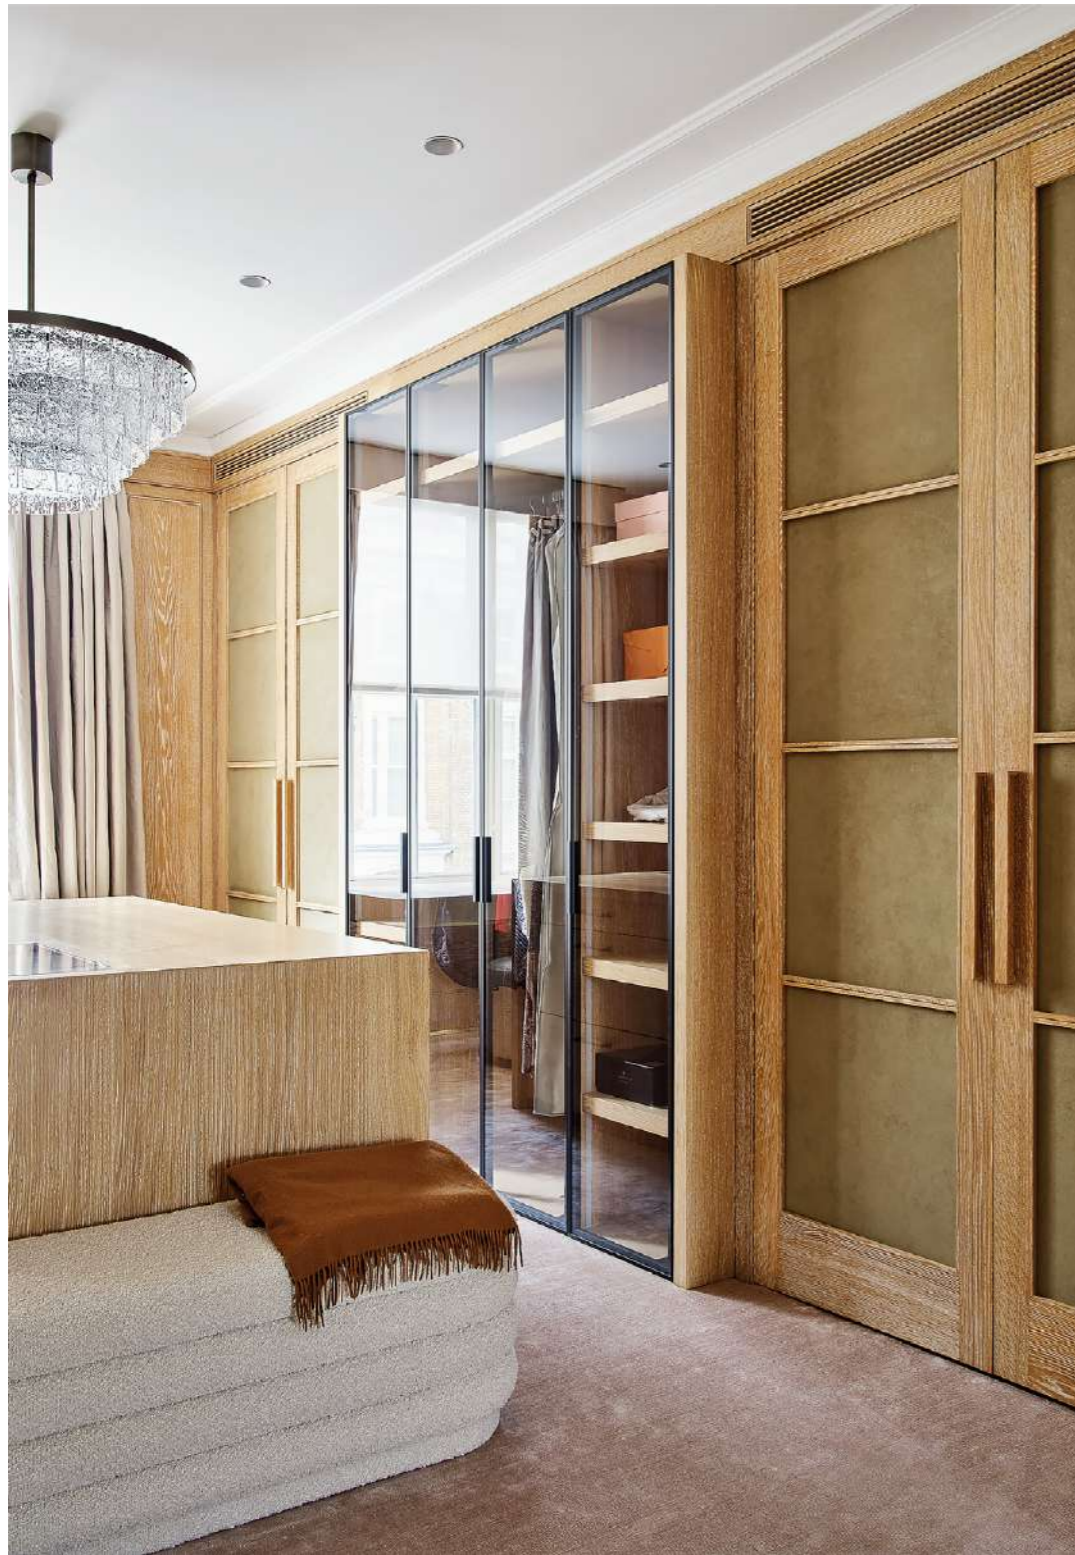

780 m² | 5 bedrooms | 4 bathrooms

Cottesmore Gardens is an **elegant cottage** in a classic British style, enhanced with modern conveniences. A **combination of natural materials**, exquisite details and functional solutions creates an atmosphere of sophistication and comfort.

Key features include a wine **bar for collectible beverages**, a **spacious barbecue area** for outdoor relaxation, **two separate kitchens** and a **private spa room** for luxurious home relaxation.

A well-maintained green area and a large terrace emphasize the country house character, blending traditional style with contemporary comfort.

Smart Appart

France

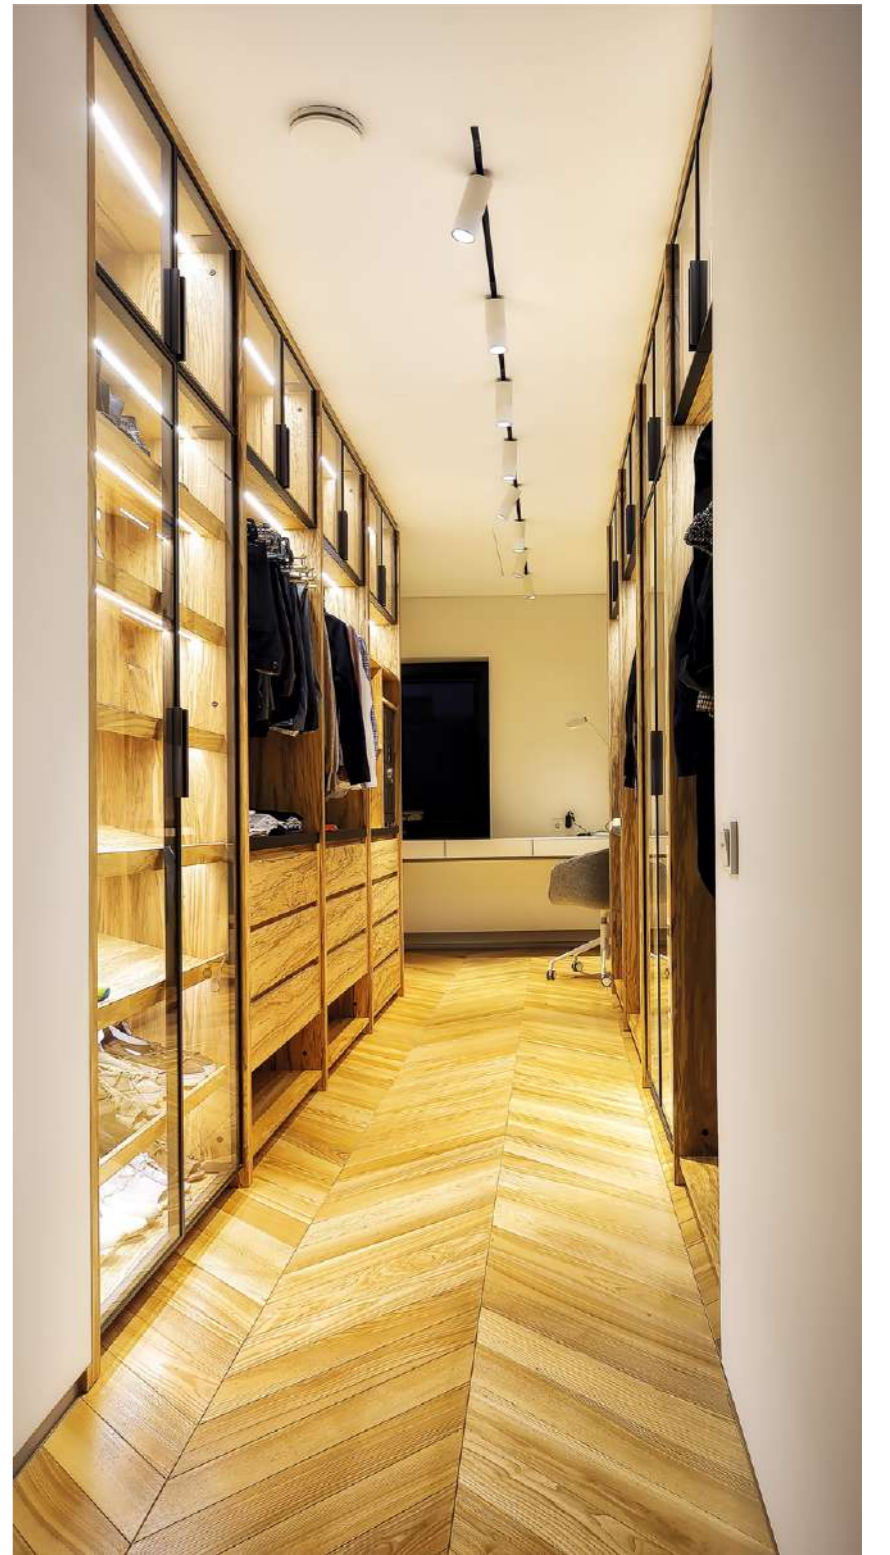

140 m² | 2 bedrooms | 2 bathrooms | duplex apartment

Smart Appart is a modern **double-decker apartment**, where technological advancements blend with refined design. Minimalism, functionality, **built-in furniture** and usage of natural materials create a harmonious space that meets the demands of modern comfort.

The kitchen is equipped with modern built-in appliances, while integrated wardrobes provide ergonomic space handling. **The combination of wood and glass** adds lightness and elegance to the interior.

Key features include **smart lighting and innovative opening mechanisms**, ensuring maximum convenience in daily living.

Tendon

United Kingdom

325 m² | 3 bedrooms | 3 bathroomss

Tendon is a luxurious cottage, that seamlessly integrates classic British architecture with modern comfort. Exquisite details, high-quality wooden craftsmanship, natural materials and intricate architectural finishes give the home a distinctive charm.

Spacious rooms are filled with natural light thanks to large windows, while the living room is designed for cozy relaxation. Premium materials and functional solutions enhance the space's elegance and prestige.

Tendon is a flawless blend of traditional style, natural materials and modern technologies, making it a true embodiment of refined British architecture.

Ennismore Gardens

United Kingdom

260 m² | 3 bedrooms | 3 bathrooms

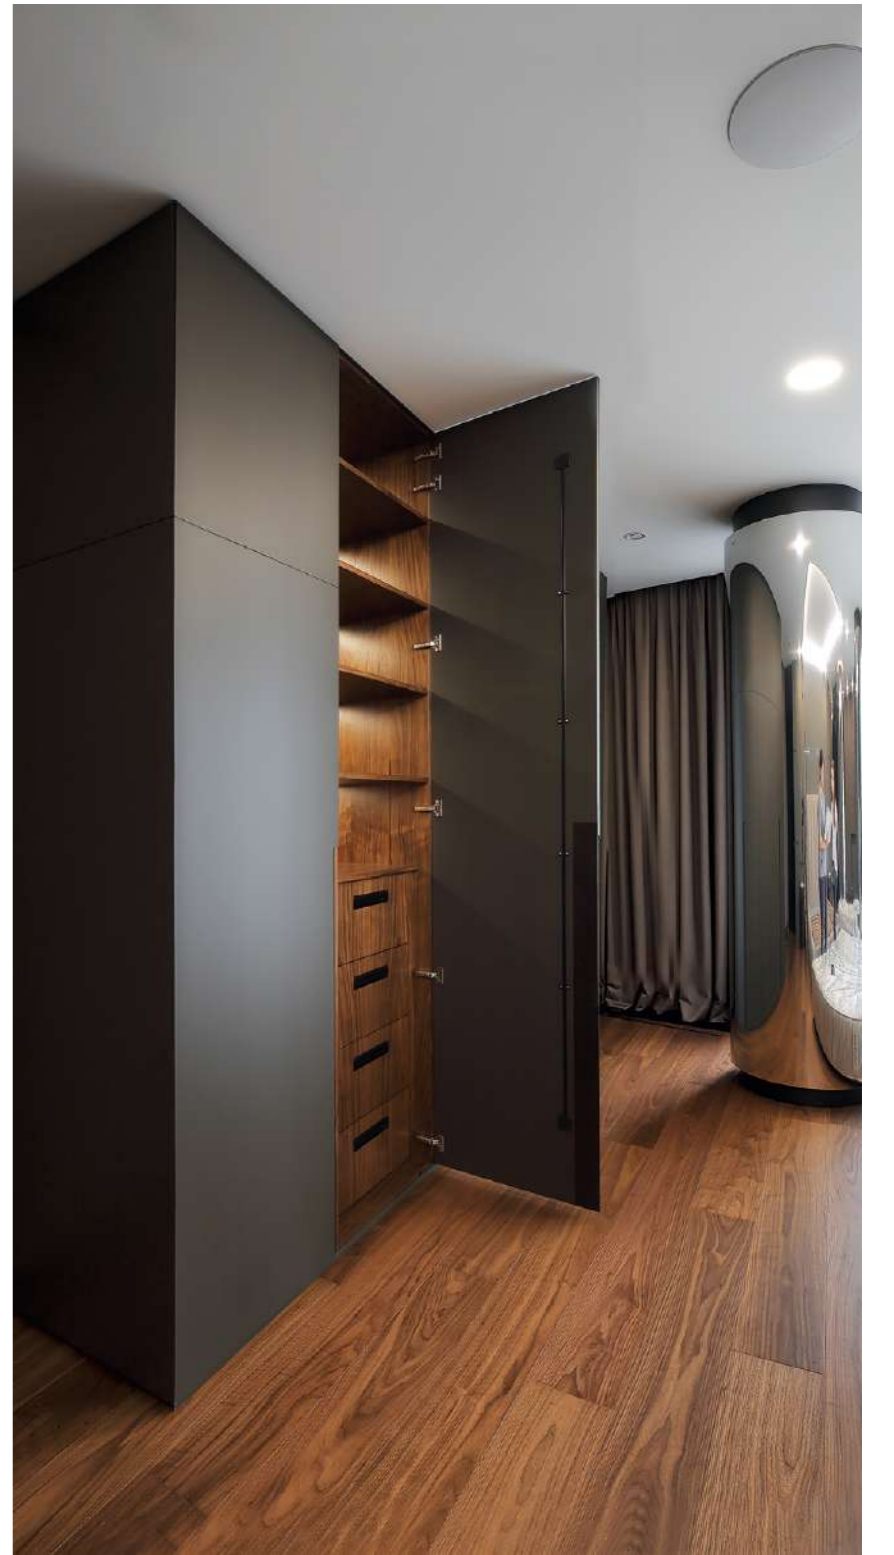

Ennismore Gardens is a stylish apartment, where classical elegance is complemented by modern technologies. **Wooden elements and marble** create a refined and prestigious atmosphere.

A **spacious walk-in closet** is equipped with **innovative storage systems**, ensuring maximum comfort, while a **futuristic bio fireplace** in the living room adds a contemporary accent.

Key features include a dedicated **home office** for productive work and a **private cinema** with advanced audio systems and soundproofing, guaranteeing an immersive viewing experience.

Ennismore Gardens is the ideal fusion of classic aesthetics, cutting-edge innovations and well-thought-out interior solutions.

Belvedere

Austria

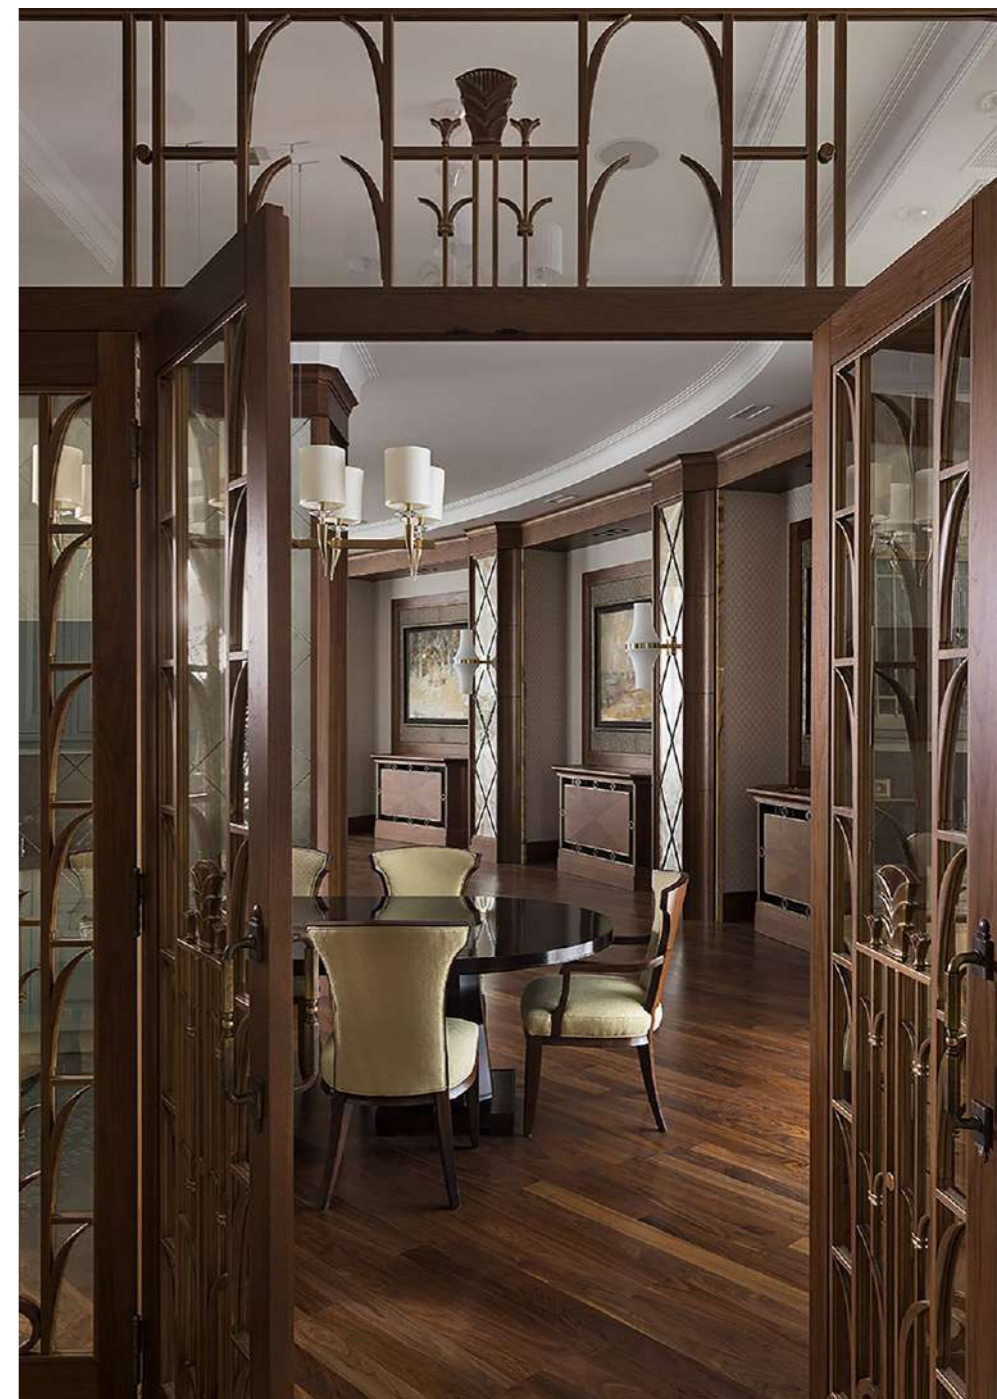

430 m² | 3 bedrooms | 4 bathrooms

Belvedere is a **luxurious estate** in a classic style, combining exquisite architecture with elegant interior solutions. **Natural wood and intricate carvings** add depth and sophistication to the space.

A special atmosphere is created by artistic **stained-glass windows** and a **majestic living room**, above which is an **art gallery** that runs along the arc of the second floor, giving the interior an aristocratic charm.

Belvedere is a perfect blend of classic luxury, natural materials and carefully thought-out architectural details, turning it into a true masterpiece.
